PPE medical supplies via Fort Myers supplier to Senior Care facilities and Home Health agencies throughout Florida including procedure masks, KN95 surgical masks, gel hand sanitizers, and liquid sanitizer. Website: https://covid19supplies.square.site. Contact: John D. Wilson, President, Creative Marketing Services, O: 239.689.4071, M: 239.357.0805, john@mysalespromotion.com, www.mysalespromotion.com.

Local source in Bonita Springs selling imported KN95 masks (Chinese equivalent of N95). From Radiology Regional/Dr. Lawrence Leigh: "We bought 1000 or so for our practice and they have been good. Company is reliable, trustworthy, easy to work with. I have known them for years. They have had a business pipeline in China for other products and they leveraged that to acquire PPE for me. They have masks and I believe can still get other equipment as needed." Contact john@ppeus.com

Summit Diagnostics now taking orders for N95 or N95-equivalent respirators, face shields, surgical masks, goggles, or sanitizer products. Shipment will be ~ 2 weeks from the date of the order received. 50% deposit required by Credit Card, PayPal, wire, or ACH before an order will be accepted. The final payment must be received before delivery. Order form | More Information

Allegra Naples now has PPE equipment available. All are FDA and CE certified. Also available are custom social distancing signage and floor graphics. Contact Allyson Lawary, Account Manager - Office: 239.643.2442 | Cell: 239.293.6757. More Information (additional items not listed might also be available upon request)

CCMS Member Dr. Joseph Magnant (Vein Specialists) is sewing scrub hats for healthcare workers and re-buffs from recycled t-shirts for masks. The scrub hats and re-buffs are FREE, but any donations made will help support the Ronald McDonald House of SWFL meal program. Prior to the COVID-19 people could go make meals for the families staying at the house. Now RMH is asking for gift cards or cash donation to offset having to buy meals. Learn more on the Vein Specialists' GoFundMe page

Host Apparel, a local supplier of uniforms, signage and promotional items, has lowered the minimum order requirement for its supply of KN95 and disposable non-hospital masks. Available from Host Apparel are KN95 FFP2 masks and CE-

certified FFP2 disposable masks. Two-ounce bottles of hand sanitizer (blank or branded with your logo) are also available. A limited supply is available for air delivery. For product information, pictures and quantity pricing, contact hostapparel@msn.com or call (239) 745-5780. – from Gulfshore Business

Creative Scrubs & Uniforms, powered by Southwest Florida-based Creative Marketing Services, is offering disposable Procedure Masks, KN95 Surgical Masks and hand sanitizers. Products are in stock and ready for shipment from its Houston warehouse. All products are FDA- and CE-approved. As a courtesy to local healthcare providers, the minimum order requirement has been reduced. A portion of the proceeds collected during the COVID-19 pandemic crisis will be donated to local nonprofit healthcare agencies serving those less fortunate. Email john@mysalespromotion.com or call (239) 357-0805 for samples, a product sheet, pricing and an order form. – as shown in Gulfshore Business

Crown Sanitizer has an order of 5000 gallons of hand sanitizer in bulk quantities landing in Lee county next week. We wanted to extend special pricing and the opportunity for your members to pre-order if needed before opening this product up to the general public and non-essential businesses. The hand sanitizer meets and exceeds all suggested formulations by FDA, WHO, and the CDC and is at a concentration of 80% ethyl alcohol and contains hydrogen peroxide. This was specifically formulated as a no frills bulk hand sanitizer for the healthcare industry during the shortages we are currently facing. It will come in gallon sizes and is great for refilling your current containers or dispensers and making sanitary wipes. If you are interested in extending this offer to your member and our medical professionals here in Lee and Collier, please let me know. - Mathew Lynch, crownsanitizer@gmail.com

A Naples-area businessman wants medical professionals to know that his local wholesale restaurant supply store has disinfectant, gloves and other hard-to-find supplies such as toilet paper and paper towels. "We just want to get the word out because they need it and we have it," says Rudy Ambrosi, owner of Pro-Edge Paper and Sclafani Imported Italian Food Market, 3910 Domestic Ave., East Naples. "I had a couple of doctors come in and said they can't get supplies. They need everything. We have tons for everybody." Ambrosi said he also has an order of masks and hand sanitizer scheduled to come in next week. For more information, visit www.proedgepaper.com. (239) 304-8000 – as shown in Gulfshore Business

D. Lacquaniti Bespoke, a place you might have gone a couple of weeks ago for a custom men's shirt, is now making special medical masks. Domenic Lacquaniti's clothing shop is now a mask-making factory, putting leftover pieces of fabric to good use. This information originally appeared on *WINK News*. More details here. – as shown in Gulfshore Business

Dean Sarnes has PPEs for doctors, P100 grade rubber face masks. Potentially to donate. 239.572.2353

Cheney Brothers – paper goods, some PPE, etc. Referred by Dr. David Wilkinson

I was contacted by a local rep I use for my wrist fracture cases regarding PPE. She is now representing a line of PPE, and I attached a photo with a list of the products available. If anyone is interested in purchasing please send her an email. I believe the cost is based on volume purchased. Her name and email contact are as follows: Amanda Nicita anicita1@gmail.com – submitted by Dr. Carmella Fernandez [photo below]
Note from Amanda: We are currently working on providing and filling some smaller orders such as needs for Doctors offices and clinics. Previously we have been only able to source in bulk. N-95 masks are currently $5.25. We are FDA approved and listed on the CDC manufacturer website of approval. I am hoping to gather anyone's info that may need some and submit on Thursday. Our lead time is 10 days for arrival. If you know of anyone in need, please share my info publicly. I want to help any of my frontliners and physicians gather what they need and not have to reuse reprocessed unverified masks.
Thank You! Amanda Nicita, MedSource, (727)463-2346 (It was just this week [4/6] we are making it work to do this without the bulk order requirement.

This is Jimmy Koh from Singapore. I have got your contact from Miss Ching Schueddig [Naples FL resident] regarding Surgical masks and medical equipment for Covid 19. Presently I am representing a few certified surgical/KN95 mask and medical equipment manufacturers in China. If you are keen to buy masks and medical equipment eg Ventilator, thermometer for/on behalf of your members, please contact me thru email or whatsapp at +6596162313.
