Live Local CME
Roundtable

Dear Colleague,

I am writing today to let you know that I will be hosting a **Live local CME Roundtable** (with the option to attend virtually) on **Wednesday, January 19, 2022**.

As an esteemed healthcare professional, I am pleased to cordially **welcome you and your colleagues** to join me. For your attendance and participation, **you will receive 2.0 AMA PRA Category 1 Credits™**.

The roundtable, ***The Essential Role of the Primary Community Care Team in the Management of Lower Extremity Arterial and Venous Disease 2.0***, will explore the etiology, diagnosis, management, and referral strategies of peripheral arterial and venous disease through real-life patient case histories.

Here are the details for this CME Roundtable

When: Wednesday, January 19, 2022 at 6:30 PM ET
Fleming's Steakhouse
Where: 8985 Tamiami Trail North
Naples, FL 34108

To Register: www.VascularCMEmeetings.org/114

This activity is open to all healthcare providers including family physicians, internists, hospitalists, NPs, PAs, and DPMS, and offers a unique opportunity to learn about best practices for using evidence-based guidelines and standard non-invasive examination techniques to identify patients at risk for lower extremity arterial and venous disease.

On a personal note, this topic is a growing concern, and I sincerely hope that your schedule will allow you to participate in this important educational activity that can help us improve outcomes for our patients.

If you have any questions about the program or would like any additional information, please feel free to contact **Cindy Miller** at **203-604-1856**, or email cindy@cmeroundtable.com.

Thank you, and I look forward to your participation!

Best regards,

Hiranya Rajasinghe, MD
The Vascular Group of Naples
